Board of Health Condemns Public Property. The Board of Health inspected the lav-

stories connected with the Judiciary milding yesterday afternoon in accordce with the resolution introduced in the Senate in the forenoon by Senator Carter, and also upon the suggestion of City Sanitary Officer Hemingway, and Bend to them immediately and place them endeavor to extend the rules of the In a sanitary condition.

The Sanitary Officer's report was as

follows: I would recommend that the Board visit and condemn as a nuisance and dangerous to the public health the lavatory situated just mauka of the morgue. This is situated on Government land and is under the charge of the Public Works Department. Several verbal requests field. and orders have been given the Superintendent of this Department to put this place in a sanitary condition, but no attention has apparently been paid to them. As the offender in this case is a department of the Government it has been impossible to make use of the usual remedy of prosecution. The continuance of such a nulsance on Government property is a disgrace.

The police are receiving many complaints of thefts of dog tags. Some of the robbers take only the tag, some take the collar as well, while a few greedy ones take the dog and all attachments. The relapse from dormancy on the part of the official dog-catcher is responsible for this new enterprise.
